

WORKFLOW EXPANSION PACKS

MAXIMUM UPTIME.
MINIMUM COST.

EXPAND YOUR 3D PRINTING OUTPUT

Get the most out of premium 3D printing with SprintRay. Instantly lower cost and increase ROI when expanding into new 3D printing workflows. Deliver faster patient care with SprintRay expansion packs featuring digital design credits, and Workflow Mastery Certification to maximize the value of your SprintRay ecosystem.

WORKFLOW EXPANSION PACKS

In Office Aligners

Expand your clear aligner offering with your SprintRay ecosystem while dramatically simplifying your process compared to traditional aligner labs. Increase production, save time, and improve accuracy for each patient with the potential of \$15,000 worth of production.

Package includes: \$600 worth of Cloud Design credit, at \$135 per case, allows for 3 clear aligner case designs. 3 Bottles of Die and Model Gray resin are enough for 3 complete aligner cases.

Cloud Design Credit (\$600 Value)	SRI-0809032	\$500
SprintRay Die and Model 2 (Gray) Resin (X3)	SRI-0202011	\$447
90-min "Workflow Mastery Certification"	SRI-700409	\$200
		\$1,147

WORKFLOW EXPANSION PACKS

In Office Smile Design

Improve patient satisfaction while increasing case acceptance—produce the appliances for case presentation of 5 Smile Design Cases. At an average of \$1,500 per veneer and a 20% case acceptance rate, this bundle features \$9,000 worth of production.

Package includes: \$600 worth of Cloud Design credit, at \$20 per tooth, allows for 5 cases of 6 upper teeth to be included in the design. 1 Bottle of Study Model White and 1 Bottle of Try In 2.

90-min “Workflow Mastery Certification”	SRI-700409	\$200
		\$1,198

In Office Occlusal Guards

Protect more smiles with the ability to produce 20 same-day AI mouth guards. SprintRay AI is simple to learn and designed with ease of use in mind. Simply submit your full arch scans in occlusion to Cloud Design and receive a print ready night guard design in minutes. At an average of \$500 per mouth guard, this kit provides everything needed for \$10,000 worth of production.

Package includes: \$600 worth of Cloud Design credit, at \$30 per AI design that allows for 20 designs, and 1 Bottle of Night Guard Flex.

Cloud Design Credit (\$600 Value)	SRI-0809032	\$500
SprintRay Night Guard Flex	SRI-0202015	\$499
90-min “Workflow Mastery Certification”	SRI-700409	\$200
		\$1,199

In Office Surgical Guides

Place implants seamlessly when producing implant guides within 48 hours only with SprintRay. Surgical guides allow for the facilitation of implant placement into the desired site. At an average of \$500 per Surgical Guide, this kit provides all the essentials for \$6,000 worth of production.

Package includes: \$600 worth of Cloud Design credit, at \$99 per design, allows for 6 designs and 1 Bottle of Surgical Guide III.

Cloud Design Credit (\$600 Value)	SRI-0809032	\$500
SprintRay Surgical Guide 3	SRI-0205011	\$299
90-min “Workflow Mastery Certification”	SRI-700409	\$200
		\$999

WORKFLOW EXPANSION PACKS

In Office Custom Bleaching Trays

Brighten more smiles by producing custom bleaching trays with your SprintRay ecosystem. Custom bleaching trays ensure proper placement of whitening material in the appliance, allowing for a comfortable and evenly distributed bleaching experience. And with Cloud Design, personalized trays are available in just 48 hours. At an average of \$300 per bleaching tray, this kit provides everything needed for \$3,600 of production.

Package includes: \$600 worth of Cloud Design credit, at \$50 per design, allows for 12 designs and 1 Bottle SprintRay Die and Model 2 Gray.

Cloud Design Credit (\$600 Value)	SRI-0809032	\$500
