Provider ID# 386576

FELLOWSHIP IN Aligner Orthodontics FOR ORTHODONTISTS

An industry-leading aligner orthodontics course comprised of lectures, assessments, pre-theory challenges, hands-on simulation training, case presentations, case guidance, and direct educator mentoring.

COURSE TOPICS

- Software skills
- Biomechanics
- Mini screws (TADs)
- Orthognathic surgery
- Gummy smile treatment
- Distractionosteogenesis Maxillary Expansion (DOME)

PERFORMANCE OUTCOMES

Enhance your skills & confidence to:

- ✓ Increase production through less chair time per treatment while opening up new resources to treat more patients.
- ✓ Create a unique selling proposition by offering non-surgical gummy smile treatment.
- ✓ Reduce the amount of time you need to invest in each digital treatment plan until it is ready for approval by being self-sufficient in making changes that increase predictability.
